STATEMENT OF PURPOSE

This booklet contains the information you will need to complete the registration of your condominium with the Common Interest Community Board. The law that governs the registration process is found in **Title 55, Chapter 4.2 of the Code of Virginia**. That law permits the board to issue regulations that explain to you, in greater detail, what is expected of the condominium declarant, the unit owners' association, the condominium instruments, and other aspects of the Condominium Act. This booklet contains a copy of the regulations that you will need to know and obey in order to initially file and main your registration. This booklet does not contain a copy of the Condominium Act. If you require a copy of the Act, please contact the Board at the address listed below.

BE SURE YOU READ AND UNDERSTAND THE REQUIREMENTS SET FORTH IN THESE REGULATIONS. FAILURE TO COMPLY WITH THESE REQUIREMENTS COULD RESULT IN THE REVOCATION OF YOUR REGISTRATION.

It is the goal of the Department of Professional and Occupational Regulation to provide the information you need to comply with the law and regulations. If you have a question and cannot find the answer in this booklet, please write to:

The following provisions are prerequisites for registration and are supplementary to the provisions of § 55-79.91 of the Code of Virginia.

1. The declarant shall own or have the right to acquire an estate in the land constituting or to constitute the condominium which is of at least as great a degree and duration as the estate to be conveyed in the condominium units.
2. The condominium instruments must be adequate to bring a condominium into existence upon recordation except that the certification requirements of § 55-79.58 of the Code of Virginia need not be complied with as a prerequisite for registration. This subsection does not apply to condominium instruments that may be recorded after the condominium has been created.
3. The declarant shall have filed with the board evidence of its ability to complete all proposed improvements on the condominium. Such evidence shall consist of the commitment of an institutional lender to advance construction funds to the declarant and, to the extent that any such commitments will not furnish all the necessary funds, other evidence, satisfactory to the board, of the availability to the declarant of necessary funds. A lender's commitment may be subject to such conditions, including registration of the condominium units and presale requirements as are normal for loans of the type and as to which nothing appears to indicate that the conditions will not be complied with or fulfilled. In the case of a condominium located in Virginia, proposed improvements are uncompleted improvements which the declarant is affirmatively and unconditionally obligated to complete under §§ 55-79.58 and 55-79.67(al) of the Code of Virginia and applicable provisions of the condominium instruments or which the declarant would be so obligated to complete, if plats and plans filed with the board in accordance with 18 VAC 48-20-140 A of this chapter were recorded. 4. The current and planned condominium marketing activities of the declarant shall comply with § 18.2-216 of the Code of Virginia, and 18 VAC 48-20-160, 18 VAC 48-20-180 and 18 VAC 48-20-190 of this chapter.

48-20-210 through 18 VAC 48-20-440 and 18 VAC 48-20-540 through 18 VAC 48-20-650 of this chapter and, if applicable, § 55-79.94(a) of the Code of Virginia and 18 VAC 48-20-470 through 18 VAC 48-20-520 of this chapter (ii) a substituted disclosure document which complies with 18 VAC 48-20-450 of this chapter; or (iii) a prospectus which complies with 18 VAC 48-20-460 of this chapter.

Copies of plats and plans as recorded by the declarant shall be filed with the board if such plats and plans are different from those filed with the application for registration.

B. The requirement of § 55-79.58(b) of the Code of Virginia that plans shall show the location and dimensions of the boundaries of each unit shall be deemed satisfied, in the case of units which are identical (within normal constructions tolerances), by depiction of the location and dimensions of the vertical boundaries and horizontal boundaries, if any, of one such unit. The identifying numbers of all units represented by such depiction shall be indicated. Each structure within which any such units are located shall be depicted so as to indicate the exact location of each such unit within the structure.

C. In the case of a condominium located outside Virginia, certain materials may be filed with the application for registration in lieu of plats and plans complying with the provisions of § 55-79.58 of the Code of Virginia. Such materials shall contain, as a minimum, (i) a plat of survey depicting all existing improvements and all improvements which the declarant intends, without condition or limitation to build or place on the condominium and (ii) legally sufficient descriptions of each unit. Any improvements whose completion is subject to conditions or limitations shall be appropriately labeled to indicate that such improvements may not be completed. Unit descriptions may be written or graphic, shall demarcate each unit vertically and, if appropriate, horizontally, and shall indicate each unit's location relative to established points or datum.

D. The plats and plans must bear the form of the certification statement required by § 55-79.58(a) and (b) of the Code of Virginia. NAME OF DECLARANT: _____

ADDRESS OF DECLARANT: _____

EFFECTIVE DATE OF PUBLIC OFFERING STATEMENT: _____

This Public Offering Statement presents information regarding condominium units being offered for sale by the declarant. Virginia law requires that a Public Offering Statement be given to every Purchaser in order to provide full and accurate disclosure of the significant features of the condominium units being offered. The Public Offering Statement is not intended, however, to be all-inclusive. The Purchaser should consult other sources for details not covered by the Public Offering Statement.

The Public Offering Statement summarizes information and documents furnished by the declarant to the Virginia Common Interest Community Board. The Board has carefully reviewed the Public Offering Statement to ensure that it is an accurate summary but does not guarantee its accuracy. In the event of any inconsistency between the Public Offering Statement and the material it is intended to summarize, the latter will control.

Under Virginia Law a purchaser of a condominium unit is afforded a ten day period during which he or she may cancel the contract of sale and obtain a full refund of any sums deposited in connection with the contract. The ten day period begins running on the contract date or the date of delivery of a Public Offering Statement, whichever is later. The purchaser should inspect the condominium unit and all common areas and obtain professional advice. If the purchaser elects to cancel, he or she must deliver notice of cancellation to the declarant by hand or by United States mail, return receipt requested.

The following are violations of Virginia law and should be reported to the Virginia Common Interest Community Board, Perimeter Center, Suite 400, 9960 Mayland Drive, Richmond, Virginia 23233:

- a misrepresentation made in the Public Offering Statement
- an oral modification of the Public Offering Statement
- a representation that the Board has passed on the merits of the Condominium units being offered or endorses the condominium.

18 VAC 48-20-240. Nature of information to be included.

A. The provisions of §§ 55-79.90(a) and 55-79.94(a) of the Code of Virginia, and 18 VAC 48-20-210 through 18 VAC 48-20-720 of this chapter shall be strictly construed to

promote full and accurate disclosure in the public offering statement and, thereby, to protect the interests of purchasers.

B. The requirements for disclosure are not exclusive. In addition to expressly required information, the declarant shall disclose all other available information which may reasonably be expected to affect the decision of the ordinarily prudent purchaser to accept or reject the offer of a condominium unit. The declarant shall disclose any additional information necessary to make the required information not misleading. No information may be presented in such a fashion as to obscure the facts, to encourage a misinterpretation of the facts or otherwise to mislead a purchaser.

C. No information shall be incorporated by reference to an extrinsic source which is not readily available to an ordinary purchaser. Whenever required information is not known or not reasonably available, such fact shall be stated in the public offering statement with a brief explanation. Whenever special circumstances exist which would render required disclosure inaccurate or misleading, the required disclosure shall be modified to accomplish the purpose of the requirement or the disclosure shall be omitted, provided that such modification or omission promotes full and accurate disclosure.

D. Disclosure shall be made of pertinent facts, events, conditions or other states of affairs which the declarant has reason to believe will occur or exist in the future or which the declarant intends to cause to occur or exist in the future. Disclosure relating to future facts, events, conditions or states of affairs shall be limited by the provisions of subsection F hereof.

E. The public offering statement shall be as brief as is consistent with full and accurate disclosure. In no event shall the public offering statement be made so lengthy or detailed as to discourage close examination.

F. Expressions of opinion in the public offering statement shall be deemed inconsistent with full and accurate disclosure unless there is ample foundation in fact for the opinion; provided, however, that this sentence shall not affect in any way the declarant's duty to set forth a projected budget for the condominium's operation.

G. Except for brief excerpts therefrom, the public offering statement shall not incorporate verbatim portions of the condominium instruments or other documents. The purchaser's attention may be directed to pertinent portions of the declaration, bylaws or other documents attached to the public offering statement which are too lengthy to incorporate verbatim.

H. Maps, photographs and drawings may be utilized in the public offering statement, provided that such utilization promotes full and accurate disclosure.

18 VAC 48-20-250. Readability.

The public offering statement shall be clear and understandable. Determinations as to compliance with the standards of this paragraph are within the exclusive discretion of the board.

Historical Notes:

Derived from Virginia Register Volume 25, Issue 20, eff. July 9, 2009.

18 VAC 48-20-260. Summary of important considerations.

A. Immediately following the first page and before the table of contents, the public offering statement shall include a summary of important considerations consisting of particularly noteworthy items of disclosure. Certain summary statements are required by subsection D hereof. Other summary statements may be proposed by the declarant or included by order of the board for the purpose of reinforcing the disclosure of significant information not otherwise included in the summary of important considerations. No summary statement shall be included for the sole purpose of enhancing the sales appeal of condominium units.

B. The summary shall be titled as such and shall be introduced by the following statement: "Following are important matters to be considered in acquiring a condominium unit. They are highlights only. The narrative sections should be examined to obtain detailed information." Each summary statement shall include a reference to pertinent portions, if any, of the public offering statement for details respecting the information summarized. Each summary statement, exclusive of any reference to other portions of the public offering statement, shall be limited to not more than three sentences except that the board may, by order, permit or require additional sentences.

C. Whenever the board finds that the significance to purchasers of certain information requires that it be disclosed more conspicuously than by regular presentation in the summary of important considerations, it may provide, by order, that a summary statement of the information shall be underscored, italicized or printed in a larger or heavier or different color type than the remainder of the public offering statement.

D. Summary statements shall be made of the substance of the following facts and circumstances, to the extent that each is applicable. Specific information shall be substituted for the general information indicated by brackets. Appropriate modifications shall be made to reflect facts and circumstances varying from those indicated herein:

1. The condominium will be governed by a unit owners' association. Each unit owner will have a vote on certain decisions of the association and will be bound by all decisions of the association including those with which he disagrees.
2. Certain decisions of the unit owners' association will be made by an executive organ.
3. The expenses of operating the unit owners' association will be paid by the unit owners on the basis of a periodic budget. Each unit owner will pay a periodic assessment. A unit owner cannot reduce the amount of his assessment by refraining from use of the common elements.
4. If a unit owner fails to pay an assessment when due, the unit owners' association will have a lien against his condominium unit. Certain other penalties may be applied.
5. The declarant must pay assessments on unsold condominium units.
6. The declarant, its predecessors or principal officer has undergone a debtor's relief proceeding.
7. The declarant will retain control of the unit owners' association for an initial period.
8. A managing agent will perform the routine operations of the unit owners' association. The managing agent is related to the declarant, director or officer of the unit owners' association.
9. The declarant may rent unsold condominium units. The right of any unit owner to rent his unit is subject to restrictions.
10. The declarant may expand or contract the condominium or convert convertible land or space without the consent of any unit owner.
11. The right of the unit owner to resell his condominium unit is subject to restrictions.
12. The units are restricted to residential use.
13. The unit owner may not alter the structure of his unit or modify the exterior of his unit without the approval of the declarant or unit owners' association.
14. The unit owners' association will obtain certain insurance benefiting the unit owner, but the unit owner should obtain other insurance on his own.

15. The unit owner will pay real estate taxes on his condominium unit.
16. The unit owner's right to bring legal action against the declarant is limited by certain provisions of the purchase contract; specifically the contract requires the unit owner or the association to pay the attorney's fee of the declarant; requires the unit owner to waive trial by jury in any civil action against the declarant.

A. The provisions for capital reserves described in the section captioned "Financial Matters" shall be supplemented by the information set forth in subsections B and C hereof.

B. The section shall state the aggregate replacement cost of all physical assets whose replacement costs will constitute regular common expenses and whose expected useful lives are 10 years or less. For the purposes of this subsection, an expected useful life which is stated as being within a range of years pursuant to 18 VAC 48-20-520 E of this chapter shall be deemed to be 10 years or less, if the lower limit of such range is 10 years or less. The total common expense assessments per unit which would be necessary in order to accumulate an amount of capital reserves equal to such aggregate replacement cost shall be stated.

C. The section shall state the amount of capital reserves which will be accumulated by the unit owners' association during the period of declarant's control together with any provisions of the condominium instruments specifying the rate at which reserves are to be

accumulated thereafter. If any part of the capital reserves will or may be obtained other than through regular common expense assessments, such fact shall be stated.

D. The actual expenditures made over a three-year period on operation, maintenance, repair or other upkeep of the property prior to its conversion to condominium shall be set forth in tabular form as an exhibit immediately preceding or following the budget attached to the public offering statement pursuant to 18 VAC 48-20-390 C of this chapter. Distinction shall be made between expenditures which would have constituted regular common expenses and expenditures which would have been borne by unit owners individually if the property had been converted to condominium prior to the commencement of the three-year period. To the extent that it is impossible or impracticable to so distinguish the expenditures it shall be assumed that they would have constituted regular common expenses.

Both types of expenditures shall be cumulatively broken down on a per unit basis in the same proportion that common expenses are or will actually be assessed against the condominium units. The three-year period to which this subsection refers shall be the most recent three-year period prior to application for registration during which the property was occupied and for which expenditure information is available. The expenditure information shall indicate the years for which expenditures are stated. If any portion of the property being converted to condominium was not occupied for the full three-year period, expenditure information shall be set forth for the maximum period the property was occupied. The "Financial Matters" section shall direct the purchaser's attention to the expenditure information.

18 VAC 48-20-510. Present condition of conversion condominium.

A. The section captioned "Present Condition of the Condominium" shall contain a statement of the approximate dates of original construction or installation of all physical assets in the condominium. A single construction or installation date may be stated for all of the physical assets: (i) in the condominium; (ii) within a distinctly identifiable portion of the condominium; or (iii) within a distinctly identifiable category of physical assets. A statement made pursuant to the preceding sentence shall include a separate reference to the construction or installation date of any physical asset within a stated group of physical assets which was constructed or installed significantly earlier than the construction or installation date indicated for the group generally. No statement shall be made that a physical asset or portion thereof has been repaired, altered, improved or replaced subsequent to its construction or installation unless the approximate date, nature and extent of such repair, alteration, improvement or replacement is also stated.

B. Subject to the exceptions provided in subsections D, E and F hereof, the section captioned "Present Condition of the Condominium" shall contain a description of the

present condition of all physical assets within the condominium. The description of present condition shall disclose all structural defects and incapacities of major utility installations to perform their intended functions as would be observable, detectable or deducible by means of standard inspection and investigative techniques employed by architects or professional engineers, as the case may be.

C. The section shall indicate the dates of inspection by means of which the described present condition was determined; provided, however, that such inspections shall have been conducted not more than one year prior to the date of filing the application for registration. The section shall identify the party or parties by whom present condition was ascertained and shall indicate the relationship of such party or parties to the declarant.

D. A single statement of the present condition of a class of physical assets shall suffice to disclose the present condition of each physical asset within the class; provided, however, that, unless subsection F hereof applies, such statement shall include a separate reference to the present condition of any physical asset within the class which is significantly different from the present condition indicated for the class generally.

E. The description of present condition may include a statement that all structural components in the condominium or in a distinctly identifiable portion thereof are in sound condition except those for which structural defects are noted.

F. In a case in which there are numerous physical assets within a class of physical assets and inspection of each such physical asset is impracticable, the description of present condition of all the physical assets within the class may be based upon an inspection of a number of them selected at random, provided that the number selected is large enough to yield a reasonably reliable sample and that the total number of physical assets within the class and the number selected are disclosed.

18 VAC 48-20-520. Replacement requirements in conversion condominium.

A. Subject to the exceptions provided in subsections B and H hereof, the section captioned "Replacement Requirements" shall state the expected useful lives of all physical assets in the condominium. The section shall state that expected useful lives run from the date of the inspection by means of which the expected useful lives were determined. Such inspection date shall be stated.

B. A single statement of the expected useful life of a class of physical assets shall suffice to disclose the expected useful life of each physical asset within the class; provided, however, that such statement shall include a separate reference to the expected useful life of any physical asset within such class which is significantly shorter than the expected useful life indicated for the class generally.

C. An expected useful life may be qualified. A qualified expected useful life is an expected useful life expressly conditioned upon a given use or level of maintenance or other factor affecting longevity. No use, level of maintenance or other factor affecting longevity shall be stated as a qualification unless such use, level of maintenance or factor affecting longevity is normal or reasonably anticipated for the physical asset involved. If appropriate, an expected useful life may be stated as being indefinite, subject to the stated qualification that the physical asset involved must be properly used and maintained. An expected useful life may be stated as being within a range of years, provided that the range is not so broad as to render the statement meaningless. In no event shall the number of years constituting the lower limit of such range be less than two-thirds of the number of years constituting the upper limit.

D. Subject to the exceptions provided in subsections E and H hereof, the section captioned "Replacement Requirements" shall state the replacement costs of all physical assets in the condominium including those whose expected useful lives are stated as being indefinite.

E. A statement of the replacement cost of a representative member of a class of physical assets shall suffice to disclose the replacement cost of each physical asset within the class; provided, however, that such statement shall include a separate reference to the replacement cost of any physical asset within the class which is significantly greater than the replacement cost indicated for the representative member of the class.

F. Distinction shall be made between replacement costs which will be common expenses and replacement costs which will be borne by unit owners individually. The latter type of replacement costs shall be broken down on a per unit basis. The purchaser's attention shall be directed to the "Financial Matters" section for an indication of the amount of the former type or replacement costs.

G. In any case in which the replacement cost of a physical asset may vary depending upon the circumstances surrounding its replacement, the stated replacement cost shall reflect the circumstances under which replacement will most probably be undertaken.

H. A single expected useful life and an aggregate replacement cost may be stated for all of the structural components of a building or structure which have both (i) the same expected useful lives and (ii) replacement costs which will constitute regular common expenses. A statement made pursuant to the preceding sentence shall be accompanied by statements of the expected useful lives and replacement costs, stated on a per unit basis, of all of the structural components of the building or structure whose expected useful lives differ from the general expected useful life or whose replacement costs will be borne by unit owners individually.

**PART VIII
POST-REGISTRATION PROVISIONS**

18 VAC 48-20-660. Material change defined.

As used in 18 VAC 48-20-670 through 18 VAC 48-20-700 of this chapter, "material change" means a change which renders inaccurate, incomplete or misleading, any information or document disclosed in or attached to a public offering statement whose form and content are designated for use pursuant to 18 VAC 48-20-100 G or 18 VAC 48-20-680 B of this chapter. Without limiting the generality of the preceding sentence, a material change shall be whenever (i) information or a document required to be disclosed in or attached to a public offering statement but not so disclosed or attached by reason of its previous unavailability or nonexistence becomes available or comes into existence and (ii) a new budget is adopted.

Historical Notes:

Derived from Virginia Register Volume 25, Issue 20, eff. July 9, 2009.

18 VAC 48-20-670. Amendment of public offering statement.

A. Prior to or upon the occurrence of a material change, the declarant shall amend the public offering statement to disclose the modified or additional information or to include the modified or additional document, as the case may be. The declarant may amend the public offering statement other than in connection with a material change.

B. Amendment of the public offering statement may be accomplished in any intelligible manner and, to the extent that strict compliance with any of the provisions of these regulations governing the form of presentation of information in the public offering statement would be unduly burdensome, the declarant may deviate therefrom in amending the public offering statement, provided that (i) no such deviation shall be more extensive than is necessary and appropriate under the circumstances; (ii) the requirements of 18 VAC 48-20-230 and 18 VAC 48-20-280 of this chapter are strictly observed and (iii) the presentation of information in the amended public offering statement is organized so as to facilitate reading and comprehension. Nothing contained herein shall authorize a deviation from strict compliance with a provision of these regulations governing the substance of disclosure in the public offering statement. If any information has become inaccurate or misleading by reason of the material change and is not deleted from the public offering statement in connection with its amendment, such fact shall be clearly noted.

C. Correction of spelling, grammar, omission or other similar errors not affecting the substance of a public offering statement shall not be deemed an amendment of the public offering statement for the purposes of these regulations; provided, however, that the declarant shall file with the board a copy of a public offering statement so corrected.

Historical Notes:

Derived from Virginia Register Volume 25, Issue 20, eff. July 9, 2009.

18 VAC 48-20-680. Filing of amended public offering statement.

A. The declarant shall promptly file with the board a copy of an amended public offering statement. Unless subsection D hereof applies, the declarant shall, as part of such filing, update the application for registration on file with the board either by filing a new application or by advising the board of changes in the information contained in a previously filed application or file new or substitute documents. In the case of a public offering statement (i) amended other than in connection with a material change or (ii) presumed current pursuant to 18 VAC 48-20-700 of this chapter, the filing shall indicate the date of amendment.

B. Unless subsection D hereof applies, the board shall issue a notice of filing within five business days following receipt in proper form of the materials required by subsection A hereof. The board shall review the amended public offering statement and supporting materials to determine whether the amendment complies with 18 VAC 48-20-670 of this chapter. At such time as the board affirmatively determines that the amendment complies with 18 VAC 48-20-670 of this chapter, but not later than the 30th day following issuance of the notice of filing, it shall enter an order designating the amended form and content of the public offering statement to be used. Such order shall provide that previous orders designating the form and content of the public offering statement for use are superseded.

C. If the board determines, pursuant to subsection B hereof, that an amendment to the public offering statement does not comply with 18 VAC 48-20-670 of this chapter, it shall immediately, but in no event later than the 30th day following issuance of the notice of filing enter an order declaring the amendment not in compliance with 18 VAC 48-20-670 of this chapter and specifying the particulars of such noncompliance. In the case of a public offering statement amended other than in connection with a material change, the order shall relate back to the date of amendment. If neither of the orders provided for by this subsection and subsection B hereof are entered within the time allotted, the amendment shall be deemed to comply with 18 VAC 48-20-670 of this chapter, except that the 30-day period may be extended in the manner provided for extension of the correction period by 18 VAC 48-20-100, subsection D of this chapter. The declarant may, at any time correct and refile an amended public offering statement; provided, however, that if an order of noncompliance has been entered with respect to the amendment, all of the provisions of subsections A and B hereof and this subsection shall apply to such refiling.

D. If the material change which resulted in amendment of the public offering statement was an expansion of the condominium or the formation of units out of convertible land or convertible space, the declarant shall file a complete application for

registration of the additional units, provided, that no such application need be filed for units previously registered. Such application for registration shall be subject to all of the provisions of 18 VAC 48-20-70 through 18 VAC 48-20-150 of this chapter and the board shall observe the procedures of 18 VAC 48-20-100 of this chapter in regard to the application. Documents then on file with the board and not changed in connection with the creation of additional units need not be refiled, provided that the application indicates that such documents are unchanged.

E. In each case in which an amended document is filed pursuant to this paragraph and the manner of its amendment is not apparent on the face of the document, the declarant shall provide an indication of the manner and extent of amendment.

A. A public offering statement is current if its form and content are designated for use pursuant to 18 VAC 48-20-100G or 18 VAC 48-20-680 B of this chapter and remains current so long as no material change occurs and any amendment of the public offering statement other than in connection with a material change is made in compliance with 18 VAC 48-20-670 of this chapter.

B. A public offering statement ceases to be current upon the occurrence of a material change and, subject to the exception provided in 18 VAC 48-20-700 of this chapter, does not thereafter become current unless and until (i) it is amended pursuant to 18 VAC 48-20-670 of this chapter and (ii) the board, with respect to such amendment, enters an order pursuant to 18 VAC 48-20-100 G or 18 VAC 48-20-680 B or fails to enter, within the times allotted therefor, any of the orders provided for by 18 VAC 48-20-100 E and G or 18 VAC 48-20-680 B and C.

C. If the board determines that the public offering statement amended other than in connection with a material change fails to comply with 18 VAC 48-20-670 of this chapter that public offering statement ceases to be current as of the date of amendment. Such cessation shall be affected retroactively by the board's entry of an order of noncompliance and nothing contained herein shall limit the declarant's right to use the public offering statement as current prior to the entry of an order of noncompliance. The public offering statement does not thereafter become current unless and until it is corrected and refiled and the board, with respect to such amendment, enters an order pursuant to 18 VAC 48-20-680 B of this chapter or fails to enter either of the orders provided for by 18 VAC 48-20-680 B or C of this chapter.

D. Upon issuance of a public offering statement amended because of the occurrence of a change that materially and adversely affects the purchaser's bargain, that was caused by the declarant or any agent or affiliate of the declarant, and of the possibility of which

the purchaser was not forewarned in the public offering statement given him pursuant to § 55-79.88.2 of the Code of Virginia, then the purchaser's 10-day rescission right afforded by § 55-79.88.2 of the Code of Virginia is renewed. The declarant shall deliver the public offering statement so amended and give the purchaser notice of his renewed rescission right as required by 18 VAC 48-20-710 of this chapter.

18 VAC 48-20-700. Certain amended public offering statements presumed current.

A. A public offering statement amended by the declarant to disclose any material change which is an aspect or result of the orderly development of the condominium or the normal functioning of the unit owners' association shall be presumed current immediately upon its amendment, subject, however, to the condition that the board shall subsequently determine that the amendment was made in compliance with 18 VAC 48-20-670 of this chapter. An amended public offering statement presumed current pursuant to this subsection shall be referred to elsewhere in these regulations as a presumptively current public offering statement.

B. The declarant shall file with the board a copy of a presumptively current public offering statement and all of the provisions of 18 VAC 48-20-680 of this chapter shall apply to such filing except that, in addition: (i) filing shall be made not later than 10 business days following the occurrence of the material change which necessitated the amendment, and (ii) the filing shall indicate the declarant's plans, if any, to deliver the presumptively current public offering statement to purchasers pursuant to § 55-79.88.2 of the Code of Virginia.

C. A board order declaring that an amendment which resulted in a presumptively current public offering statement is not in compliance with 18 VAC 48-20-670 of this chapter shall render ineffective the presumption that the public offering statement is current. In that event, the public offering statement shall be deemed to have ceased being current upon the occurrence of the material change which necessitated the amendment. Nothing contained herein shall limit the declarant's right to use a presumptively current public offering statement prior to entry of the order of noncompliance. A presumptively current public offering statement also ceases being current upon the declarant's failure to file within the time provided in subsection B hereof, but such cessation shall have no retroactive effect. A presumptively current public offering statement which ceases to be current pursuant to this subsection does not thereafter become current unless and until it is filed or refiled with the board pursuant to 18 VAC 48-20-680 of this chapter and the board, with respect to such public offering statement, enters an order pursuant to 18 VAC 48-20-100G or 18 VAC 48-20-680B of this chapter or fails to enter, within the times allotted therefor, any of the orders provided for in 18 VAC 48-20-100 E and G or 18 VAC 48-20-680 B and C of this chapter.

Such notification shall indicate that any contract for disposition of a condominium unit may be cancelled unless and until the declarant complies with the provisions of § 55-79.88.2 of the Code of Virginia. The declarant shall file a copy of the notification with the board and provide proof that such notification has been delivered to all purchasers under contract.

18 VAC 48-20-720. Annual report by declarant.

Prior to filing the annual report required by § 55-79.93 of the Code of Virginia, the declarant shall review the public offering statement then being delivered to purchasers. If such public offering statement is current, the declarant shall so certify in the annual report and include a copy thereof in the report. If such public offering statement is not current, the declarant shall amend the public offering statement and the annual report shall, in that event, consist of a filing complying with the requirements of 18 VAC 48-20-680 of this chapter. In addition, the annual report shall indicate the number of condominium units (i) conveyed, (ii) under contract for disposition, (iii) being rented by the declarant and (iv) still being offered. The annual report shall indicate the status of declarant's control retained pursuant to § 55-79.74 of the Code of Virginia. A. The provisions of 18 VAC 48-20-660 through 18 VAC 48-20-720 of this chapter shall apply to a substituted disclosure document in the same manner and to the same extent that they apply to public offering statements.

B. The provisions of 18 VAC 48-20-660 through 18 VAC 48-20-700 of this chapter shall apply to a prospectus only to the extent that amendment of the information or documents attached to the prospectus pursuant to 18 VAC 48-20-460 of this chapter is

required or permitted. The body of the prospectus shall be amended only as provided in applicable securities law. The declarant shall immediately file with the board any amendments to the body of the prospectus and, upon receipt thereof, the board shall enter an order designating the form and content of the prospectus to be used and providing that previous orders designating the form and content of the prospectus for use are superseded. A prospectus is current so long as it is effective under applicable securities law and the information and documents attached thereto are current under the provisions of 18 VAC 48-20-690 and 18 VAC 48-20-700 of this chapter. The declarant shall immediately notify the board if the prospectus ceases being effective. The developer shall pay an inspection fee of \$75 plus the reasonable expenses of first class travel incurred in such inspection. 18 VAC 48-20-790. Supplementary public report.

A. Whenever, following the first filing of a notice of intention with the board, a material change in the setup, value or use of a horizontal property regime occurs, the developer shall so notify the board. If the board has issued a final, substitute or supplementary public report relative to the horizontal property regime, the notification provided for in the preceding sentences shall be accomplished by the filing of a notice of intention requesting issuance of a supplementary report. Previously issued final, substitute or supplementary public reports shall not be delivered to purchasers following the occurrence of a material change in the setup, use or value of the horizontal property regime.

B. For the purposes of this paragraph, a material change in the setup, use or value of a horizontal property regime shall include, without limitation, a change in the number of apartments, a change in the land area, a change in the percentage of ownership of the common elements by any co-owner including the developer as owner of unsold apartments, a change in common elements constituting amenities and a change of the developer whereby a party other than the developer identified in the most recently issued public report succeeds to the rights and interests of such original developer in the

horizontal property regime. Upon the request of a developer in a specific case, the board shall determine whether a particular change constitutes a material change in the setup, use or value; provided, however, that the presentation of information to the board in connection with such request shall not relieve the developer of any requirement for filing a notice of intention in the event that the board determines that a material change in the setup, use or value has occurred or will occur.

C. Upon receipt of a notice of intention filed pursuant to this paragraph, the board shall issue a supplementary public report and the developer shall deliver a true copy thereof to all purchasers who have executed but not settled contracts for acquisition of an apartment in the horizontal property regime.

D. The developer may amend a final, substitute or supplementary public report to reflect changes not constituting material changes in the setup, value or use, provided that a copy thereof is filed with the board prior to its delivery to any prospective purchaser.

The board shall make any revisions in such information as are necessary to effect full compliance with the applicable regulations and shall incorporate the information into the final public report.

B. A notice of intention requesting issuance of a final public report on a horizontal property regime which is a conversion condominium shall have attached thereto a copy of the notice to be given to tenants pursuant to § 55-79.94(b) of the Code of Virginia. The declarant shall certify that such notice to tenants shall be, at the time of issuance of the final public report, mailed or delivered to each of the tenants in the building or buildings in the horizontal property regime.
