

Clarification of the Approved Calculator List

In November, NCEES sent out a press release listing the approved calculators for the April 2005 and October 2005 examination administrations. At its 2004 Annual Meeting, NCEES voted to revise the examination policy concerning materials permitted in the examination room so that only models of calculators specified by NCEES are allowed.

Some state / jurisdiction boards have asked for further clarification. The following models are the only calculators that will be permitted in the examination room for the April and October 2005 exam administrations: (Note that clarifications to list are in **bold**)

Hewlett Packard – HP 33s

Hewlett Packard – HP 9s

Casio – **FX 115 MS** and **FX 115 MS Plus** (**some models may have a “- SR” at the end, they are okay as well**)

Texas Instruments – TI 30X IIS and TI 30X IIB

Texas Instruments – TI 36X **Solar**

Please distribute the above list accordingly. For more information, please see the Calculator Policy at www.ncees.org or call NCEES at 864-654-6824.

The National Council of Examiners for Engineering and Surveying develops licensing examinations for the engineering and surveying professions. These examinations are used by engineering and surveying licensing boards across the United States as part of their candidate assessment process. NCEES also provides examination scoring and administration services to licensing boards, as well as a variety of other products and services to engineering and surveying professionals. NCEES headquarters is located in Clemson, S.C.
