

Home Inspector Continuing Professional Education (CPE) Courses Accepted by the Board for Asbestos, Lead, and Home Inspectors To Meet the Renewal Requirement

Continuing Professional Education (CPE) is education that is used by *existing certificate holders* to satisfy the renewal requirement. The Board for Asbestos, Lead, and Home Inspectors does not have the statutory authority to approve home inspector CPE courses, therefore any course that covers the areas tested on the National Home Inspectors Examination will be accepted to meet the CPE requirement as described in Board Regulation 18 VAC 15-40-72 for Certified Home Inspectors. Any contact hours of instruction that do not cover areas tested on the National Home Inspectors Examination will not be accepted.

The Board-approved exam is the Examination Board of Professional Home Inspectors' (EBPHI) National Home Inspector Examination administered by PSI. For information regarding the examination and the content areas tested, please review the EBPHI website: www.homeinspectionexam.org/.
