BOARD FOR CONTRACTORS
CONTRACTOR LICENSING INFORMATION AND APPLICATION INSTRUCTIONS

Contractor licenses are issued to business entities, not individuals.

Before completing the application, please review the Board for Contractors Regulations. This booklet includes the current statutes or laws (Title 54.1, Chapter 11 of the Code of Virginia) and the regulations of the Board for Contractors. Eligibility for a contractor is based on the knowledge, skills and abilities, financial position and other entry requirements set forth in §54.1-1106, §54.1-1108, and §54.1-1108.2 (subject to the exemptions in §54.1-1101) of the Code of Virginia. Please note that although a Virginia contractor’s license may be granted to your business, the business must also comply with local licensing requirements set forth by the localities (cities, towns, and counties) in which your business plans to do work, contact your local Commissioner of the Revenue and Building Official for more information.

All applicants must have a thorough understanding of the Virginia Board for Contractor Regulations and meet the eligibility requirements at the time the completed application package is received at the Board office. For more information, please refer to the Board for Contractors web page – www.dpor.virginia.gov/Boards/Contractors.
